

NATTANUN NAKNAREE

FULL-STACK DEVELOPER

PROFILE

I am a recent graduate from the Faculty of Business Administration, Department of Information Systems at Rajamangala University of Technology Thanyaburi. During my studies, I gained experience through an internship at Protoss Technology Co., Ltd., where I worked as a Software Developer. My main project involved developing a Issue Management system, which included features related to Service Level Agreement (SLA), such as Respond Time and Resolution Time. Additionally, I served as the president of the Information Systems Student Club, where I was involved in organizing events and activities for the department.

Issue Management : Internal project

I have developed an issue reporting system that includes a Issue Management form, status updates, PDF and Excel export features, and a Timeline that indicates the progress of reported issues. Additionally, the system incorporates a Service Level Agreement (SLA), specifically focusing on Response Time and Resolution Time.

■ Final Project

I have developed a complaint and grievance management system for the Faculty of Business Administration, which includes a complaint/grievance submission form, status updates, PDF export functionality, and a Timeline that indicates the progress of submitted complaints/grievances.
